

# STEPLINE ORIGINAL ANTI-SLIP TREADS

## THE STEPLINE ORIGINAL RANGE

STEPLINE Original anti-slip treads are for use on interior and exterior stairs.

Available in black, white, yellow, grey and brown they can be fitted straight or flexible enough to create gentle seamless curves.

The integrated profile means it is not a trip hazard, and its grit free surface makes it easy to clean. It reduces the risks of slips, trips and falls on stairs and is designed to meet building regulation requirements.

### DIMENSIONS:

All profiles are available in 6mm or 8mm in thickness

Available in widths:

SQUARE: 9mm - 295mm

BULLNOSE & DOVETAIL: 12mm - 295mm

DISC: Diameter: 25mm, 38mm, 50mm

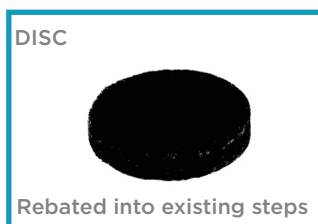

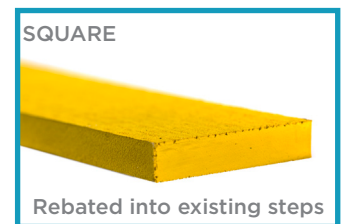

We can manufacture to your specific length to avoid wastage.

### STEPLINE ORIGINAL SUBSTRATES

STEPLINE Original anti-slip treads are suitable for setting in:

CONCRETE  
STONE  
MARBLE  
TERRAZZO  
CERAMIC  
WOOD  
STEEL

STEPLINE Original can be installed into preformed channels or the substrate can be routed out to create the channel for the insert to be installed. It can also be cast into Concrete or Terrazzo using the Dovetail profile. See installation instructions for more details.
